Dear members of the judiciary committee,

Please oppose S.B. #16

We the law abiding gun owners of Connecticut take our rights to own and carry seriously. S.B. #16 will do nothing to stop crime in the state of Connecticut, it will only limit the law abiding citizens trying to protect their family, home, and citizens. We the people have the right to protect and defend ourselves and loved ones using our second amendment. Permitted gun owners of Connecticut are some of the most responsible and respectful people i know. The people should be able to have the ability to protect themselves and their family in public destinations.

Giving the current situation in Ukraine, we can all learn why our second Amendment rights are so important. This is pertaining to our right to own CT legal "others" firearms. We the people should be able to own weaponry that is combative and equal to basic opposing military weaponry. I also believe we the people should be able to own weaponry that can effectively stand against and invasion if another country/military.

Connecticut has some of the toughest gun laws yet we have seen no drop in crime. Learn from Chicago who also has some if the toughest gun laws, yet they have some of the highest gun crimes in the country. Criminals will ways find a way, thats why they are Criminals. And the only way to stop a bad guy with a gun is a good guy with a gun. We have seem time and time again that police response times are too slow, and in some situations too late to rely on. So again please hear the people of Connecticut and oppose the proposed S.B #16

In addition i also oppose H.B. #5416

I support S.B. #388, H.B. #5415, H.B. #5412

Thank you for your time
